Cracking a Faith Code

The Catholic Church has a group of short statements that tell what we believe.

Solve the code to find out what we call our statement of belief.

1. Read each question.

2. Answer each question. If your answer is Yes, circle the letter under Yes.

3. If your answer is No, circle the letter under No.

4. On the lines at the bottom, print the five letters you circled to complete the sentence.

5. Read the word the letters make. Discover what we call the Church's statement of beliefs.

My Code about the Catholic Faith

1. At Sunday Mass, we say a prayer about our most important beliefs.

YES	NO
C	F

2. It is wrong to believe in God.

YES	NO
A	R

3. The Catholic Church believes in the Holy Trinity.

YES	NO
E	L

4. We can pray without the Holy Spirit's help.

YES	NO
S	E

5. The Apostles handed down their beliefs to us.

YES	NO
D	E

We call the group of short statements that tell what the Church believes the

___ ___ ___ ___ ___ .
 1   2   3   4   5
